1ST APRIL 2022

# WEBINAR

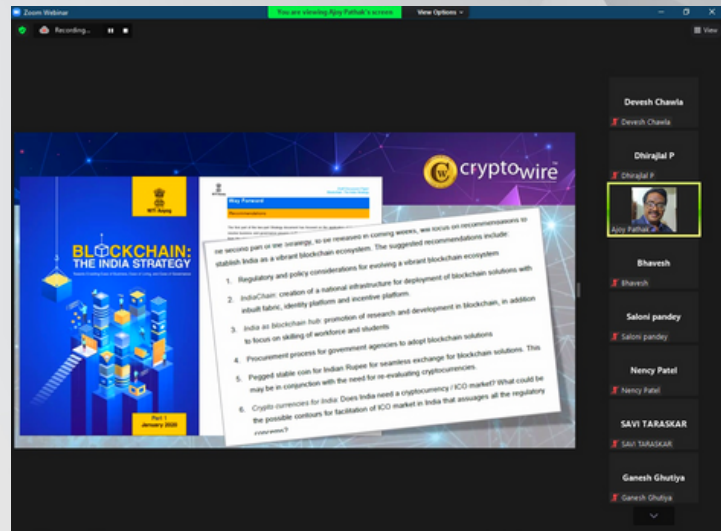

## PROFESSIONAL CAREERS AND STARTUP OPPORTUNITIES IN THE REALM OF BLOCKCHAIN AND DIGITAL ASSETS ECOSYSTEM

The Department of Information Technology and Computer Science Engineering in association with Crypto-University organized this webinar on April 1, 2022 to bring awareness among the students about the latest advancements and technology in Digital Currency Markets. Blockchain and NFTs are currently taking the world of digital art and collectables by storm. Digital Asset - NFT is a digital asset that represents Internet collectibles like art, music, and games with an authentic certificate created by blockchain technology which underlies Cryptocurrency.

The resource persons' for the webinar were Mr. Ajoy Pathak, who is a Digital Assets and Blockchain Enthusiast; Mr. Devesh Chawla, who is an ingenious strategist, a mentor, an investor, TEDx Speaker and Advisor of Crypto University; Mr. Kunal Kataria, who is an accomplished Trend Analyst with an extensive trading background of multiple financial instruments; and Mr. Venkat Giridhar, who has almost two decades of extensive industry experience in the global commodities and financial derivatives.

From the basic knowledge of blockchain, students were made aware of the opportunities it holds, where they can start and how they should plan to upskill themselves, in detail. They also got insights about the fast evolving Metaverse, Blockchain, and Digital Currency Landscape. They also got to know about the emerging job roles and skills expectations to prepare them in becoming an industry professional. The session ended with a spark and enthusiasm in the eyes of students with a goal to be ready for the upcoming challenges in this domain.

# 4 WEEKS HANDS-ON-TRAINING ON AUTOCAD SOFTWARE (CIVIL)

In this era of computers, softwares like AutoCAD, CATIA, CREO etc. has gained more importance because of their innumerable advantages. AutoCAD is a computer-aided & oriented software program that enables designers, coders, drafters, architects, engineers, and other experienced professionals to create 2D and 3D models of solid surfaces and meshes. In today's world of high demand, it is widely used by numerous companies and people by providing help in preventing product failures and assuring them an error-free outcome.

The Department of Civil Engineering organized the STTP on “4 weeks Hand-on-Training on AutoCAD software civil” for the Degree and Diploma civil engineering students. Resource persons of STTP are Mr. Sanjay Rachcha, Mr. Siddharth Kevat, and Mr. Chirag Shah from the Civil Engineering department.

All three of them are Assistant Professors and have years of experience in the field of education. Mr. Sanjay Rachcha delivered 35 Hours of AutoCAD practical sessions in which different modules of AutoCAD software were covered like working of commands and shortcuts, Planning and plotting of drawings, Layer design, Annotation and dimensioning and Practical working drawings of the site. 15 students from degree and diploma civil engineering students actively participated in the STTP and learned AutoCAD software.

From this STTP of AutoCAD students were seasoned to hold upcoming opportunities for professional jobs in the market. Also they have enhanced their skills to meet the industrial exposure. Four Weeks session ended with practical knowledge of planning and plotting for civil Engineering.

5TH APRIL 2022

## IDEA FESTIVAL 2022

Invention is creation or designing of an item or a process which has never existed before, with its own ideas and developments. Everything begins with an idea. Whether it is a small startup or a big venture. An idea implemented in a proper direction brings out the best outcome. Young minds are full of ideas, they just need proper guidance and motivation. We, at Laxmi Institute of Technology, are full of ingenious technical youth. To motivate the students and to cultivate their minds, Laxmi Institute of Technology, Sarigam organized Idea Festival 2022- an event showcasing the innovative ideas of the students. This festival was organized on April 5, 2022. Over 350 students took this opportunity to represent their ideas and the impact of it on society.

The Idea Festival was divided into two categories - Ideas and Concepts with Implementation and Creative and Innovative Ideas. In Ideas and Concepts with Implementation, including degree and diploma engineering, 22 working projects were done by 102 students. Some of the projects were having really good ideas that represented the problems in the current society. Creative and Innovative Ideas contain the technical solution of the real life problems faced by the people of society. Students keenly observed their concerned domains, found the problems in it and came up with an innovative solution in the form of a prototype. A total 62 teams with approximately 250 students from 6 different engineering disciplines participated in it. The winner of Idea fest in Creative and Innovative Ideas domain at college level was "AI Marker" from the Computer Science and Engineering Department and in Ideas and Concepts with Implementation, winner was "Design and Fabrication of gas sensor smart window" from Diploma Mechanical Department.

8TH APRIL 2022

## INDUSTRIAL VISIT TO SUPERHARD RESEARCH CENTER, SURAT

Superhard Research Center is a science-first, technology-guided, multidisciplinary center of excellence dedicated to inventing and innovating for a better, balanced, and beautiful future. Housed inside a high-tech 100,000 sqft plus planned complex, and home to our 24x7 humming S.T.A.R. (Science Technology and Advanced Research) Labs.

Students of Mechanical Engineering Department and Electrical Engineering visited SuperHard Research Center on April 8, 2022.

Our students felt enthusiastic and amazed to find out that the Diamonds were made artificially which are known as Nuovo Diamonds. They got to know the exclusive use of diamonds that can be made in different fields like for cooling purposes in Solar Equipments, for making cutting tools, jewelry and many others.

Students felt inspired after knowing about the artificial diamonds and also with the dream of working in such an advanced center returned back with full energy.

11TH-13TH APRIL 2022

## JOB FAIR

A job fair is an event in which employers, recruiters, and companies provide an opportunity to potential employees. In colleges, job fairs are commonly used for entry-level job recruitment. Job seekers use this opportunity to stand-out from other applicants and get an overview of what it is like to work for a company or a sector that seems interesting to the applicant.

Job Fair 2022 was organized on April 11, 12 and 13, for both fresh Engineering graduates (B.E/D.E – All branches) and passed-out students. More than 160 students were shortlisted based on a written test and were then invited to participate in the fair out of which 130 were selected to various companies that interviewed the candidates.

More than 20 companies including well-known ones like RR Cable, Western Refrigerators, Superhard Research Centre, Pramukh Group, Fortune Dream con. Pvt. Ltd, Enjay IT solutions, Kamdhenu Foods, Waree Energies, Kataria Automobile, Industrial Boilers Ltd, Future Wise, conducted recruitment for Degree/ Diploma Mechanical, Electrical, Civil, CSE & IT engineering departments.

This event was a huge success for the Laxmi Institute of Technology, Sarigam which took a great initiative in bridging the gap between the employees and employers. Moreover, this will now be carried forward in the years to come.

17TH APRIL 2022

## GROUP DAY CELEBRATION

Expressing is a way to test your understanding, learn about things, grow as individuals and as a team and above all make an IMPACT ! And the month of April always has a few days that gives our students this opportunity to make even more memories of college life, especially when more friends get together!.

Students were given the liberty to show off their creativity and represent themselves through this day. Denim Day, as part of Group Day, is celebrated by the students today. The students dressed up in unique denim clothes, which have become a fashion symbol and are worn by models. The youngsters could be seen taking photos and selfies and enjoying beautiful moments together

18TH-19TH APRIL 2022

# ANNUAL PRIZE DISTRIBUTION CEREMONY

On April 18 and April 19, 2022, An Annual Prize Distribution Ceremony was organized at Dhwani Auditorium

The Annual Prize Distribution Ceremony is the day to recognize students' efforts in various academic, extra curricular and holistic development activities, and competitions during the academic year, especially for their participation and achievements. This ceremony was held on April 18 at the college to congratulate and motivate the high achievers. Guest of the event for the first day; Mr. Himlal Patel who is a famous singer and former student of the college, Mr. Saurabh Vijay Singh who is an International Badminton Player and Ms. Runa Kar who is the Principal of Laxmi International School, Pre-Primary, as special guests made the event more glorious by their inspiring words. Following the event, on the second day students were honored with their special achievements, roles, contributions like Class Representatives, academic achievers at college level and at university level. On this special day, Managing Trustee Shri Chunibhai Gajera (Shri S.H. Gajera Charitable Trust, Surat), Principal of LIS and LGS Schools, Directors of LIT, LIM, HM and Management Coordinator made this event special by their presence to bless and congratulate the students.

At the ceremony, on the first day; the winners of various sports competitions such as table tennis, carom, chess, badminton, kabaddi, volleyball, cricket, etc. were honored with medals and certificates. Winners of various competitions like drawing, speech, poster making, essence of India, Glance of India, GIF creativity, and slogan writing held on the occasion of Azadi Ka Amrut Mahotsav, were awarded certificates. Certificates were also awarded to the students for the best idea with a unique technology model for future development during the Idea Festival. Further the students who participated in various NSS activities throughout the year, organized events, or played a major role as a volunteer, as well as students who represented the class as CR have been recognised with special certificates.

On the second day, the distribution of prizes and medals took place for the special achievement and contribution.

19TH APRIL 2022

## FAREWELL PARTY

It is often said that the best time in a persons' life is the time he/she spends in college. This is undoubtedly a golden era where they collect nostalgic memories for the rest of their lives. And these beautiful moments come to an end when the journey of college life is about to end and the juniors give the farewell party. On April 19, the students of the graduating class of 2022 celebrated their farewell party.

The event was graced by the presence of Honorable Trustee, Shri. Chunibhai Gajera and the heads of the various institutions of the Laxmi Vidyapeeth Campus. Following the traditional ceremony of lighting lamps, the honoring ceremony took place.

The day was opened with the energetic words of the trustee, when he told about his life in difficult times, how his career began, what dedication young people need and how to move forward on the road to success; and he added how the dream of establishing Smt. Shantaben Haribhai Gajera Charitable Trust came true.

The farewell party began with various performances put up by the junior students, making the day even more energetic and heart-wrenching. The event continued after lunch with a DJ program and ended with a heavy send-off for the senior students. It is indeed a fun time for all, but at the end of the event it is always sad to realize how the years have passed and forced us to leave the memories behind!

20TH APRIL 2022

## SELF DEFENSE PROGRAM FOR GIRLS

Harassment of girls and women is widespread in our society. Many of these cases go unreported, eventually leading to heinous crimes against girls and women. There is an urgent need to address such complicated situations so that girls are able to protect themselves from harmful consequences. By getting them to learn self-defense, we can ensure a society that is full of powerful and strong women who can protect themselves.

With this same thought, we organized a self-defense awareness program for the girls and female staff.

The chief guest and trainers, Mrs. Urmin Desai (Bharatiya Shikshan Mandal), Mr. Hashmukh Bhai Patel (Principal, Godhra polytechnic college (Retd.)), Mr. Tushar Bhai (Advocate), and Mr. Jay Bhagatwala (International Taekwondo player - Dynamic warrior martial arts academy) graced this occasion with their valuable advice, self-defense techniques and legal approaches against crimes. They not only shared their experience but also demonstrated a few techniques which any girl can learn easily and use in their time of need.

22ND APRIL 2022

## SAVE ELECTRICITY CAMPAIGN

With such high temperatures this summer, the effects of global warming are much more apparent now than ever before. Though climate change is a natural process, it is exacerbated by human activities. And one of the biggest contributing factors to climate change is greenhouse gas emissions. The largest source of greenhouse gas emissions from human activities is from burning fossil fuels for electricity, heat, and transportation. Without paying much attention, we use a lot of energy each day — from charging electronics to watching TV. To bring this awareness, LIT organized this campaign on the importance of making small efforts (saving electricity) to bring a big change in the world.

The NSS unit of LIT organized the “Save Electricity Campaign” on April 22, 2022.

The aim of this campaign was to raise awareness on why it is now necessary to save electricity and how one can save electricity. As we all know, saving electricity means that we should only use it when necessary and not waste it. Even though sometimes we don't see a noticeable impact on our daily lives when we make these kinds of small changes, the impact of these small efforts can result in helping the environment on a large scale. Saving electricity saves the economy, saves money and most importantly reduces global warming.

In today's campaign, various students participated and prepared drawings and posters. Volunteers also visited all the classrooms and raised awareness among the other students. The campaign was successfully completed by the NSS team.

# AICTE APPROVED NEW PROGRAMMES

**LAXMI INSTITUTE OF TECHNOLOGY**  
GAJERA  
Laxmi Vidyapeeth, Sarigam, Valsad - 396155

We are proud to announce  
**AICTE approved**  
new programmes (for 22-23)

**1**  
YEAR COURSE

- Data Science Analytics (PG Diploma)**  
Min. Qualification : Any graduation (BA/ BSc/ BCom/ BPharm/ BE/ BCA/ BBA)
- Electric Vehicle Service (Lead Technician)**  
Min. Qualification : ITI (PMV/MAEE) + Minimum of 1 year experience

**2**  
YEARS COURSE

- Electrician**  
Min. Qualification : Class 10<sup>th</sup>
- Draughtsman (Mech)**  
Min. Qualification : Class 10<sup>th</sup>
- Fitter**  
Min. Qualification : Class 10<sup>th</sup>
- Draughtsman (Civil)**  
Min. Qualification : Class 10<sup>th</sup>

**Month wise**

- Solar Panel Installation (Technician)**  
Duration : 3 Months | Min. Qualification : Class 10<sup>th</sup>
- Course on Computer Concepts (CCC)**  
Duration : 1 Month | No Min. Qualification
- Web Designer**  
Duration : 1 Month | Min. Qualification : C

We are proud to announce new AICTE-approved programmes for the 2022-23 academic year. The main goal of these short-term programmes is to ensure a skilled workforce for the job market and improving the skills of those who have graduated from high school (10th or 12th grade) or are currently employed.

11TH MAY 2022

## ONE HAPPINESS GET TOGETHER

Laxmi Vidyapeeth Campus – One Happiness Get-to-gether was held at Dhvani Auditorium on 10th May 2022 in the presence of Shri Chunibhai Gajera (Managing Trustee, Gajera Parivar), where all the members of the campus got an opportunity to meet and share their activities and achievement during the year 2021-2022. During the program, ShriChunibhai Gajera appreciated the work of all staff members of the LaxmiVidyapeeth Campus for performingtheir duty with dedication and commitment during the pandemic situation in 2020 to 2022. He also congratulated all of them for accomplishing their duties and providing the best academic environment to the students through online and offline mode. He further deliberated on the need to focus on the learning process of students which took a set-back during the pandemic and work towards this goal in the upcoming academic year, 2022-2023.

During this program, Dr Baswaraj Patil (Director, LIT), Dr Keyur Nayak (Director, LIM), Dr Arvind Dhar (Director, HM), Shri Pravin Pawar (Principal, LIS), Shri. (Principal, LGS), Ms Runa Kar (Principal, Pre-Primary, LIS) shared information about the achievements and execution of various activities during previous year and also planning to execute for the forthcoming year.

It was an amazing meet of all the staff of the campus where all academicians met under one roof sharing their experience, goals, achievements, planning, and strategies to make the academic environment healthier and effective in the direction to develop the career of Students.

## PLACEMENT DRIVE

On campus interview was conducted on May 11, 2022, for the students of Mechanical Engg. and Electrical Engg (Degree) graduates in Penta Automation Systems Pvt Ltd, Umbergaon. Penta Automation Systems Private Limited is a member of the Manders group of companies and they offer solutions related to Productivity Improvement by reduction of cycle times and rejections using the most optimum technology to keep it cost effective. They also offer the latest technologies such as RFID, Machine Vision Systems, SCARA Robots, SCADA as necessary to give comprehensive automation solutions that are in tune with Industry 4.0. Eight students, four each from both the branches, grabbed the opportunity and appeared for the interview.

Hindalco metal flagship company is part of the multi-ethnic and multi competency Aditya Birla group, operating in 13 countries all over the world. They conducted a campus placement drive for the students of diploma engineering on May 16, 2022.

Students of Diploma Mechanical and Diploma Electrical grabbed the opportunity and attended the interview process. The recruitment process was divided in two stages - written test and personal interview. Out of 29 students who appeared in round one, 11 students successfully cleared it and they were selected for Personal Interview. Two students from the electrical branch and Seven students from the Mechanical branch appeared for the Interview.

SARVODAYA INDUSTRIES conducted a campus drive on May 20, 2022, for students of Mechanical Engineering (Diploma). They are one of the largest manufacturers and exporters of BOPP Self Adhesive Tapes in India. They supply all kinds of BOPP Self adhesive tape in various thicknesses, colours, plain/printed in Jumbo rolls of all widths and slit rolls as per requirement. Eight students took this opportunity and five students got placed in the company.

JUNE-JULY 2022

## PLACEMENT DRIVE

Off campus interview was conducted on May 20, 2022, for the students of Mechanical Engineering (Degree) graduates in Midmark Pvt Ltd, Umbergaon. Midmark India is the leading manufacturer and supplier of patient care and positioning equipment in India having the most in-depth sales and service network with a legacy of 70 years of customer centricity and product quality of global standards. Seven students grabbed the opportunity and appeared for the interview. On June 24, 2022, it was declared that two students, Mehul Khadik and Patel Kirtan got placed in the company. It was an achievement for them as well as for the department.

### NELSON GLOBAL INDIA PVT LTD, UMBERGAON.

Off campus interview was conducted on July 26, 2022, for the Degree and Diploma students of Mechanical and Electrical Engineering graduates in Nelson Global Products India Pvt. Ltd, Umbergaon. Nelson Global is the leading manufacturer of of-Silencers, Band Tube, Pressurised Tube, Exhaust Tube equipment in India having the network with 7 countries world wide. 18 students from Degree and Diploma Mechanical and Electrical Engineering grabbed the opportunity and appeared for the interview. 12 Students cleared the first round and 1 student of degree Mechanical, 1 student of degree Electrical and 2 students from diploma Mechanical were placed in the company. It was an achievement for them as well as for the department.

4TH JUNE 2022

## TREE PLANTATION DRIVE

"Tree Plantation Day " was celebrated in Laxmi Vidyapeeth by planting trees along with the future engineers to instil awareness about the importance of trees for the survival of mankind. Dignitaries of Laxmi Vidyapeeth Sarigam -Dr. Basavaraj Patil (Director LIT ), Shri R.N Gohil (Administrative Head LVS), Mr Anil Patel (Account Head LVS), Ms.Runa Kar (Principal, LIS-Pre-primary), Prof. Amrat Patel (Principal LIT), all the staff members and students were invited and seen planting small saplings near the premises of Laxmi Institute of Technology in order to maintain a pleasant, natural and lush green environment for enriching everyones' health in the campus.

This whole idea was based on this years' theme "only one earth" which was also the slogan for the Stockholm conference held in 1972 . Since plants and trees are a must for survival of all kinds of life on earth, it is the prime responsibility of all human beings to practice afforestation which would in turn lessen the impact of deforestation prevalent nowadays.

The campus is already rich in greenery, but, the purpose for this was to spread awareness and set a great example for the society to remind everyone that plants are great for health as they maintain a good oxygen supply necessary for all biological activities, maintain the protective layer of ozone which protects us from harmful effects of ultraviolet rays coming from sun , and also helps in reducing harmful effects of pollution as they absorb carbon dioxide, carbon monoxide and liberates oxygen.

21TH JUNE 2022

# INTERNATIONAL YOGA DAY

On International Yoga Day 2022, the "Energetic Youngsters" of LIT Sarigam participated in a yoga session. The idea of Yoga Day was first proposed by the Prime Minister in 2014. The first International Day of Yoga was observed the following year on 21st June. This day is recognised by the United Nations. Yoga has no barriers of age, caste, geography or religion, and everyone should make the ancient physical fitness programme a part of their daily routine to reap its rich benefits.

Ms. Poonam Shah and Mr. Jayesh Sanghvi were the guest of honour for the event. Ms. Poonam Shah is a registered dietician and has worked for 7 years in Tata Memorial Hospital, Mumbai and she has played a pivotal role in setting up the paediatric onco-nutrition department. She is also an active Art of Learning Faculty. Mr. Jayesh Sanghvi is an International Business Developer at YS Enterprise. He is an Art of Living Volunteer.

Dr Basavaraj Patil, Director and Prof. Amrat Patel, Principal, felicitated the guests. With the onset of the programme, speakers emphasised on the importance of yoga and demonstrated various asanas. They also made everyone aware of the benefits of Yoga and how it can affect our day to day life. They also informed us that giving a few minutes for Yoga everyday can bring immeasurable changes in life like higher energy levels for the whole day, experiencing positivity and increase in productivity.

30TH JULY 2022

## VACCINATION DRIVE

NSS unit of Laxmi Institute of Technology, Sarigam, in collaboration with Primary Health Centre, Fansa successfully organised Booster Vaccination Camp where nearly 150 persons took their precaution dose of Covid-19 Vaccine. During Covid-19 pandemic and the subsequent outbreak of the mutated virus, getting vaccinated and taking the booster dose is recommended by the government of India. Booster vaccination is administered to vaccinated individuals who have completed an initial vaccination series because immunity and clinical protection from the first two doses wanes over time. The goal of this dose is to enhance or restore protection that might have decreased over time after the primary series vaccination.

To fulfil this purpose of availability of Booster dose to all students and staff of Laxmi Vidyapeeth campus, NSS organised the camp on July 30, 2022. Students, faculty members, office staff, and other employees along with parents of JEE Exam candidates got the opportunity of Booster dose vaccination at LIT campus. We are thankful to Covid-19 Warrior team from Fansa PHC staff for their involvement, dedication, and success for continuously providing their invaluable support during this pandemic situation.

AUGUST 2022

## AZADI KA AMRIT MAHOTSAV

To honour India's' glorious history, culture and achievements, several events were organised as a part of "AAZADI KA AMRIT MAHOTSAV" to commemorate the 75th anniversary of Independence. In the memory of the sacrifices of our Leaders and freedom fighters, the following events were conducted based on themes of Patriotism, Unity in Diversity, History and Culture.

8TH AUGUST 2022

# PATRIOTIC SONG COMPETITION

A patriotic singing competition was organized on August 08, 2022 where students and staff members from different engineering streams showcased their vocal talent alongside their patriotism for this country. Everyone participated with great enthusiasm and rejoiced in singing patriotic songs.

10TH AUGUST 2022

## RANGOLI COMPETITION

Rangoli is one of the most beautiful and pleasing art forms of India. Through their sheer creativity and use of vivid colours, students as well as staff-members drew beautiful Tri colour rangolis' on the theme of "Incredible India" and "Glorious history of India". The event had a vibrant positive vibe where students enjoyed a lot while competing with each other.

10TH AUGUST 2022

## POSTER MAKING COMPETITION

A poster making competition was organised on Aug 10, 2022 on the theme of "Unity in Strength". The objective of the competition was to address the feeling of patriotism and unity among the students. 34 students from all departments participated in the event with full zeal and love towards their motherland. It inspired them to think and work creatively while expressing their love and passion for their nation in the form of art.

12TH AUGUST 2022

## SPEECH COMPETITION

A speech competition was organised on the theme - 'શોર્ય અને સમર્પણની ગાથા' in which students tried their best to describe the freedom fighters and their fight for this country's freedom. The event was organised in virtual mode. Students from both Degree and Diploma engineering participated in it. The participants took part in it with the spirit of patriotism. Students selected various incidents such as 'glory of India', 'Mangal Pandey', 'Subhash Chandra Bose' etc. The aim of the event was to narrate an inspiring incident from the freedom fighters who sacrificed their lives for the nation.

12TH AUGUST 2022

## TIRANGA YATRA

NSS organised a 'Tiranga Yatra' in honour of Azadi ka Amrit Mahotsav for 75th Indian Independence on August 12, 2022. Everyone participated with great patriotism and enthusiasm in the yatra. The purpose was to ignite the flame of the campaign 'Har Ghar Tiranga' and upload a selfie which will remind everyone about the theme 'unity in diversity'. The rally was organised from the L.I.T building of L.V.S Sarigam to the Teen-Batti crossover road of Sarigam. All the rally participants were seen chanting slogans like 'vande Mataram' and 'Bharat Mata Ki Jai' which filled the hearts of everyone with great patriotism and love for the country.

15TH AUGUST 2022

# INDEPENDENCE DAY

August 15, Independence Day, is celebrated in a mood of joy and happiness - no rituals, just festivities. This year marked the 75th Independence Day of India. The Prime Minister of India sets the mood by hoisting the national flag and addressing the nation from the Red Fort. At our campus, the national flag was hoisted with heart-felt patriotism, after which Independence Day celebrations began in the LVS auditorium to commemorate the "Azadi Ka Amrit Mahotsav" campaign.

The students gave memorable performances depicting achievements of India after Independence in various fields like science and technology. The performances proudly represented our historical traditions and culture which reminded everyone about the great unity in diversity of our motherland India.

Motivational and inspiring speeches on Indian legacy were delivered by the invited dignitaries, Principals and Directors. They told the students about the supreme sacrifice of the great martyrs who gave their lives for the sake of freedom.

23RD AUGUST 2022

## DAHI HANDI CELEBRATION

The birthday of Lord Krishna is celebrated with great devotion and enthusiasm, on this day, in India. Krishna Janmashtami, also known as Krishnashtami, is observed on Ashtami tithi, the eighth day of the dark half or Krishna Paksha of the month of Shraavana. Lord Krishna is known worldwide and celebrated as an avatar of God Vishnu. On Friday, 23rd August 2022, DAHI HANDI was celebrated where students participated enthusiastically. A competition was organised among different departments where boys gathered to form teams and formed a human pyramid and attempted to reach and break the Handi. The students were overjoyed when they broke the 'Dahi Handi' to grace the occasion.

---

## PLACEMENT DRIVE

### IT IDOL TECHNOLOGIES

IT IDOL Technologies, Valsad is a service provider for development of Tailored Application for web based business or entities in the domains like Educational, finance, Oil & Gas, Health Care, Travel & Hospitality, Media & Entertainment, and Sports and E-Commerce Services. On campus interview was conducted on August 25, 2022, for Degree students of Computer Science Engineering, Information Technology and B.Voc. Total 31 students from Degree Engineering and B.Voc grabbed the opportunity and appeared for the interview out of which 6 students were selected (2 - CSE, 1- IT, 1- B.Voc) for the job. It was an achievement for them as well as for their departments.

### A1 FENCE

A1 fence is a Mumbai based multinational steel fence manufacturing company which offers a wide range of wire products, fencing system and smart electronic security solutions for any type of perimeter security applications including Corporate and Commercial buildings, Residential Complexes, Farm Houses, Resorts, Hotels, Gardens & Parks, Swimming pools, Agricultural Farm, Solar Parks, Industrial Areas, Roadways, Railways, Dams, Indian & International - Oil and Gas pipelines, etc.

Students of electrical and mechanical engineering received internship and job opportunities at A1 fence after the scrutiny process. Harsh Patel (diploma electrical), Amit Das (BE mechanical), Harshal patel (BE mechanical) bagged the offers.

16TH NOVEMBER 2022

## MOTIVATIONAL SEMINAR BY SHRI CHUNBHAI GAJERA

**“We all have dreams. But in order to make dreams come into reality, it takes an awful lot of determination, dedication, self-discipline, and effort.”**

The honorable trustee of Laxmi Vidyapeeth Sarigam, Shri Chunibhai Gajera Sir addressed the vibrant young minds of Laxmi Institute of Technology and Laxmi Institute of Management. Dr. Basavaraj Patil, Director LIT, welcomed the audience, and at the end of the session Dr. Gangadhar Hugar, Director, LIM delivered the vote of thanks.

The address encompassed our trustees' motivating ideology of how self-discipline and dedication can lead anybody to achieve massive success. Sir elaborated on his entrepreneurship journey and how to achieve great heights through focus and hard work. Further, he added what is the best way to schedule our 24 hours and use it effectively.

Students and Faculties got refreshing thoughts and participated enthusiastically in the questionnaire session as well.

The participation of heads of other LVS institutes, students, and faculties made this program a great success.

22ND NOVEMBER 2022

## ECHO TALK

ECHO is not only for expressing one's opinion on a particular topic, but also for showcasing all kinds of talents of the students. We have successfully completed another ECHO Talk. This time our students are the main actors and star performers. The students came up with such a great topic that really requires discussion and that too among young people. More than 100 students participated in this event. Deepak Prasad, 2nd year Information Technology student, presented his views on "Addiction to Social Media", which is really a much needed discussion nowadays, especially among youth.

Jay Parmar, 3rd year Mechanical Engineering student, shared his views on "Fear of Failure". All the students participated enthusiastically in the discussion. In addition to these two performances, there was a special musical performance by Prem Kalukuri, 1st year computer science student. Overall the event was conducted with much enthusiasm and zeal with the hardwork and dedication of the whole team along with the active participation of the audience.

28TH NOVEMBER 2022

## PRE PLACEMENT TALK

The department of software development organized a Preplacement talk for the students of B.voc (Bachelor of vocation) and D.voc (Diploma in vocation). Mr. Limesh Parekh (CEO of Enjay IT Solution Ltd, Bhilad) delivered a session about the importance of internships and developing new skills to shape their future. Students also expressed their problems related to internships and placement. Mr. Limesh is a huge supporter of Make In India movement. He started his own business and is an excellent vocational speaker.

He has done various seminars on subjects like - Designing your life and Career and Social Media for students in various colleges on using IT for business Enablement (free tools on web and mobile) Social media and Business Sales Management & marketing, Service and Customer Support Management, how to use your Mobile for your business growth.Free (and some low-cost Apps) which can help your business. Overall it was an interactive and fruitful session.

29TH NOVEMBER 2022

## FRESHERS' DAY 2022

**"College" - It is the perfect place for discovering the hidden talent in you and to explore the wonders of life !**

Immediately after the start of the academic year, every student dreams of Freshers Day, which is celebrated every year at LIT, Sarigam. The real purpose of Freshers Day is to welcome the freshers in a friendly atmosphere and avoid social evils, encourage their creative impulses and boost their self-confidence. It is the day when seniors and juniors come together and celebrate being part of the college.

Freshers' day is the beginning of a new phase of life. It is an informal way of introducing seniors, faculty and also an institution. LIT has organized an orientation program today along with a Freshers Party for first year students to welcome them and introduce them to the area and campus they have chosen.

29TH NOVEMBER 2022

## FRESHERS' DAY 2022

The program was marked by the presence of Chief Guest Shri Amit Mehta (Chief Executive Officer, MAA Foundation), Shri Chunibhai Gajera (Managing Trustee of Gajera Trust, Surat), Director, Principal, and Heads of LVS Campus. Sri Amit Mehta is the founder of an NGO working in Valsad district of Gujarat, India for improving the quality of education. They are in the process of creating a role model which other Corporates / High Networth Individuals (HNI) can replicate, in their area - thus leading to a huge impact, in the long run.

Quality education is what everyone wants, but it is not happening in this age of ROTE LEARNING - especially, in the rural areas, where people are studying (undergoing 15 years + of education) and most of them end up without a suitable job! He enlightened the students on how to make themselves capable of a job in this day and age. Overall it was a fruitful experience for all the fresh, bright minds.

2ND DECEMBER TO 3RD DECEMBER 2022

# PHP BOOTCAMP

Department of CSE & IT conducted a Short term training program on PHP basics from 2nd December to 3rd December 2022. PHP is an open sources server – side scripting language used by many developers for web development.

It is also a general purpose language that one can use to create many projects. The two day program had shown the theoretical and practical concepts of PHP in various web developments. 63 students participated in the STTP.

13TH DECEMBER 2022

## INDUSTRIAL VISIT

To experience on ground functioning, it is necessary for engineering students to visit the place, to know the work culture, to come across with practical platform etc. That is possible through Industrial visit. For the same purpose, Department of Automobile Engineering (Diploma) arranged an Industrial visit to Kataria Automobile Pvt. Ltd, Vapi-GIDC on date 13/12/2022

The students got in-depth knowledge about the service department; service-related queries attended by a panel of expert technicians and advisors, the workflow of the department, and various machines' operations. The visit also proved beneficial to understand the working of the system, approach of the supervisor and representation towards other workers, staff and even to customers. Besides, students learned about the tools and operating methods applied in workshop of one of the best name Kataria, a part affiliated to Maruti. Overall it was an enriching learning experience for the students to visit one of the dynamic organizations.

17TH DECEMBER 2022

## ECHO TALK

ECHO Talk was held on on 17 December,2022. The chief guest for the occasion was Mr.Naresh Sijapati, CEO-Chairperson of Panah Foundation to share his contribution and involvement in the social sector. He is a social activist who addresses the deep rooted issues in the society and helps migrants through his organization.

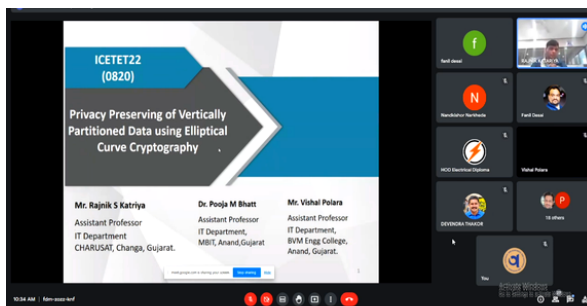

Panah Foundation works with migrant workers and daily wage labourers' to give them the opportunity to develop their skills, and help them access information and education for children. Especially during the nationwide lockdown amid the COVID situation, Mr. Naresh tried to address the migrants' struggle. In this ECHO talk, more than 80 students participated with full enthusiasm and also participated in the discussion.

29TH DECEMBER TO 30TH DECEMBER 2022
